

# New! Social Punch Card

## What It Is:

In order to eliminate the constant exchange of loonies and toonies when signing up for certain programs, we are going to be introducing a new **Social Punch Card** starting in September. Members can purchase the card at Registration or from the office after registration and use it to sign up for programs without having to pay any additional sign-up fees.

## How It Works:

Members can purchase the Social Punch Card for **\$10** and use this card to pay for specific programs (see list below). They can attend 10 programs plus one bonus program per card.

When members want to sign up for a program, *they must get their Social Card punched at the office.*

Once all 11 spaces on the card are punched, a new one must be purchased.
