Some Goings-on in the Community

"There's No Place Like Home -Beyond the Walls"

Exhibit Dates - November 8- December 21

15 artists from the hARTE Trail Studio Tour

collective have captured personal realities that can

reveal that true home – is not simply a place – but also a feeling of rootedness, connection and belonging.

This is an exploration of what "home" means in contemporary society by examining themes of tradition, cultural diversity, transition, nature, environment, personal spaces, memories and nostalgia. The diversity of artistic mediums including painting, printmaking, sculpture and ceramics reflect the diversity of what "home" can signify.

Volunteer opportunity - RobWest hockey tournament

Every year, Roblin Park Community Centre and Charleswood Hawks host the RobWest Fall Classic Hockey Tournament, which is open to Winnipeg and area teams in the U9 to U13 age groups. Roblin Park is looking for volunteers to support this event. Volunteering is easy and involves being at hockey rinks around Winnipeg and handing out and receiving game packages as well as promoting the **online 50/50 draw**. Volunteering is open to anyone 12 or over, so if you have friends, grandparents or others looking for volunteering opportunities, please pass along this information.

A few funnies for your enjoyment

- What's the name of the man that just got done digging? Doug!
- I told a joke on a ZOOM meeting, and nobody laughed. It turns out I am not remotely funny.
- How do you fix a broken pumpkin? With a pumpkin patch.
- How are relationships a lot like algebra? Sometimes, you look at your X and wonder Y.
- Why should you never laugh at your spouse's choices? Because you're one of them.
- My wife first agreed to a date after I gave her a bottle of tonic water. You could say I Schweppered her off her feet.
- The other day I sent my girlfriend a huge pile of snow. I called her up and asked, "Did you get my drift?"
- I invited my girlfriend to go to the gym with me, but I didn't show up. I'm hoping she gets the message that we're not working out.
- Where are average things manufactured? The satisfactory.
- A jumper cable walks into a bar. The bartender says, "Okay, I'll serve you. Just don't start anything."

Have a wonderful Thanksgiving weekend and to those who observe the Day of Atonement, may you have an easy fast and a g'mar chatima tova (a good final sealing).

If anyone out there knows how a dragon blows out the candles on their birthday cake please email the office as we are trying to figure it out.
