

CENTRE UPDATE – NOVEMBER 29, 2024

Centre Info and Reminders

News update from the Centre Move Communication Crew

Our occupancy date for the Centre continues to be December 17th and we will start moving in the middle of that week. We will be re-opening for phone and online business January 2, doing phone and online registrations the week of January 6th and starting programs in the new building the week of January 13th.

As our Centre is an active construction zone until January 13, members will not be permitted onsite for any reason. As we prepare for the move, we have some important information for all members to be aware of:

- Staff will be offline and not answering the phones after December 13th at 3:00 for several days. As our phones and computers are being disconnected and reconnected, we cannot guarantee a date that voice messages can be left for us or emails will be answered until all systems are operational. We will send out an email to all members when we are fully back online.
- If your membership is expiring in later December or early in January, please try and renew prior to Friday, December 13th. We will date your renewal accordingly, so you do not lose any membership time.
- Our space and adjacent buildings will remain active job sites for our builders, and we want them to do their work unimpeded, so we are fully ready to reopen with our programs on January 13th.
- When we re-open January 2nd, phone, email and online access will be the only way to interact with the Centre. Doors will be locked and members will not be permitted in the new building for membership renewals, picking up items, etcetera.

The Countdown continues! Stay tuned!
